Sat: 8am - 12pm

## These Items Should Not Be Placed In Your Recycling Bin

### • Sharps

Do not set out with your recyclables! Place used needles, syringes and lancets in a puncture-proof plastic container like a laundry detergent bottle with a top. When full, tape lid/top shut, label as "sharps" and place in the garbage.

# HERE'S HOW IT WORKS

★ All Recyclable Items Mix Together In One Bin For Collection ★

1. All recyclable items—paper, plastic, metal and glass—need to be mixed together loosely in one container.
2. Recyclables must be placed in an approved container no less than 10 gallons, not more than 35 gallons.
3. Lids and labels should be left on recyclable containers. Containers should be empty and rinsed before recycling.
4. Do not place recyclables in plastic bags for collection. No string, trash or green waste allowed.
5. Cardboard boxes must be empty (packaging removed) and flattened/broken down before recycling.
